

Endcaps

Tiered-Wall Endcaps

You wouldn't think to leave endcaps out of your interior store design, so why would you in your garden center? Our square endcaps will coax your customers to pick up special-buy merchandise as they stroll between and around your main aisles. They provide the finishing look you need to project a clean, fresh, and professional image.

Half Round Endcaps

Our round endcaps provide a finishing curve that draws your customers' eyes to the products on display and entices traffic to flow down the next main aisle. We build models designed to match up perfectly with each of our Pyramid Displays. To be sure you pick the right one, just call one of our professional fixturing consultants for immediate and helpful assistance.
