Two-step Wall Display

Tiered Wall Displays

When height restrictions have got you down, choose the 24" high two-step wall unit. This is a perfect match for merchandising taller perennials or for use in slat-wall areas. Display shelves are 16" wide by one of three specified lengths.

Two-step Wide Wall Display

When you need more display space but don't have the room for a full Three-step Display, choose the Two-step Wide Wall Display. This has all of the benefits of the standard Two-step Wall Display with the addition of a 24" wide lower shelf. The upper display shelf is still 16" and available in one of three specified lengths.

Wall Octagon

Tiered Wall Displays

Place our Wall Octagon at the center of your perimeter area to break up straight runs and produce an oasis of live goods that customers can't resist. This impressive display literally hides behind your merchandise to create a shrub-like effect in your store. Plus, it's so easy to assemble that your biggest concern will be keeping products from selling out.
